

Welcome Design Group Alumni!

Design Group is excited to share with our Alumni members a brief look into our current state of the business. The firm continues to focus on strategic business initiatives, regional expansion, Client Trust, and technology and organizational investments.

The combined efforts of nearly 1,500 professionals have resulted in many business highlights, including:

- 2017 Achievement of Partner - Jeremy Stith, Ted Dalferes, Mike Kolakowski, and Chris Ciocci.
- Key Market Sectors - Food and Beverage remains the largest collective sector; focusing on soft drink, beer, wine and spirits, soups and sauces, coffee, pet food, and ingredient processing; expertise in packaging, processing, controls and automation, facility design and infrastructure.
- New Areas of Expertise - Equipment Design Solutions and Strategic IT Consulting have been added to the breadth of services provided to our clients as a result of the merger between Design Group and Barry-Wehmler International. [Click here for more information on the merger.](#)
- Growing Life Sciences market – pharmaceutical, biotech, and medical device; serve as subject matter experts in FDA regulated industries; helping companies develop lifesaving drug therapies.
- Office expansion in the Pacific Northwest - The Bellingham, WA, office recently opened, expanding the firm's capabilities in the oil and gas sector. [Click here for more information.](#)
- Continuous growth in Advanced Technologies - primarily in the semiconductor industry.

We thank you for your past contributions to the firm and fostering our culture throughout the Design Group journey. We hope to further develop the Design Group Alumni network as we continue to grow as a leading engineering and I.T. professional services firm.
